Hen & Chicken

Courtyard garden: NB: From spring to autumn, subject to availability, where a party booking The Chicken shed with a “Party, BBQ or Hog roast” menu, exclusive use of the rear courtyard garden is available at no extra charge and has the same capacity as The Chicken Shed.

- Due to licensing restrictions, the Courtyard Garden has no external speakers
- Due to licensing restrictions, the Courtyard Garden must be fully vacated by 11.00pm.
- Access from the Chicken shed bar to the courtyard may be restricted after 9pm due to noise pollution (This is a decision that is made by our Duty Manager on the night and we look for your support in respecting our local neighbours in mitigating noise pollution).
- Once the “party music / DJ” starts playing the doors from the bar to the courtyard must remain closed at all times. Alternative access is through the Chicken Shed main entrance to the bar

Sound / DJ facilities

- There are no additional charges for the use of the Chicken Shed sound system and party lighting rig
- Piped background music is available from The Hen & Chicken main bar, as such hosts are reminded that there is no choice in the style of music played
- The Chicken Shed’s sound system has been designed and installed for the specific purpose of creating a superb party sound on a “plug and play basis”. The Host / event organiser however is required to provide their own device to plug into our sound system. The Hen & Chicken will provide a cable to connect your device to our sound system for which you will need to confirm prior to the event the type of device connection so that we can have available the correct cable
- Hosts will need to create their own playlist for the night and if using a platform such as Spotify download all the content in advance to ensure uninterrupted (buffering) playing on the night
- We recommend that if hosts are using a phone as the designated device that they adjust all call & message settings to silent so as to not interrupt music playback
- Any party providing their own DJ should advise their DJ to provide their own mixer & decks / playback device and all necessary cables to connect to our sound desk / house speaker system.
- Additional speakers or monitors to supplement the Chicken Shed house system are NOT permitted.
- Professional DJs (where a fee is charged) must have their own public liability insurance.
- Sound checks / settings are carried out on arrival with the Duty Manager, thereafter volume can be controlled via your device / DJ mixer.
- Chicken Shed: If access is required throughout an event to the sound/ lighting desk we recommend the use of one of our sound technicians (see ancillary charges). This must be booked a minimum of two weeks ahead of the event
- Where the doors from the Chicken Shed bar are open to the courtyard garden music volume will be at a background level only (set by the Duty Manager) so as to avoid noise pollution to the local neighbourhood
- Customers are reminded that the booking deposit is also a damage waiver which applies (not exclusively) to all sound equipment and speakers. Where damage is caused, deductions against the deposit will be taken.

Smoking

In line with smoke free legislation, smoking is not permitted inside any part of The Hen & Chicken. Those persons wishing to smoke can do so either on the front terrace, or in the rear courtyard area.
