## The Studio Bar

Meetings, training, rehearsals, auditions & community events

**Room specifications:** 5.84m x 4.52m

The Studio Bar was included in the major refurbishment of 2018. A comfortable, carpeted room with high ceilings, lots of natural light, beautiful flock wall paper & twin double oak doors. Situated on the first floor adjacent to The Studio, this space is ideal for small meetings or as a breakout room to The Studio. Due to major events in The Studio, **this space is only available to book as a stand-alone room a maximum of 30 days ahead** so as not to conflict with a possible major event. Also due to the close proximity of The Studio, there can be noise transference between the two rooms so please do check when making your booking for any possible impact. The house sound system is only suitable for background music (and is available at no extra cost) There is currently no A/V facility in The Studio Bar. Ladies & Gents toilet facilities are available on the first floor. Due to the small size of parties that can use this room and additional charge will be made for a bar tender service in the room (see ancillary charges).
